ADVERTISERS WHO KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

LIKE TO "STRIKE OIL"?

In the good old gusher days, three strikes didn't mean "out"—it meant success.

You can "strike oil" without leaving your desk—use the directory for better advertising coverage—and make a strike.

THE OLD "SQUARE RIG" DAY'S ARE GONE!

The old square rig days meant proper trimming of sails and the correct tack—otherwise disaster. Get rid of your "square rig" advertising—try the Directory—referred to by thousands, your ad will stay on its course.

STOP OR GO!

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

— I AM —

I sit in the castles of business and at the hearthstones
of many homes, mighty in my power to serve.

Through me is the power to make people talk with intel-
ligence concerning their communities.

With extended hand I guide the wearied traveler, and
to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side
is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make
glad the missing heirs.

Through me are protected the law-abiding by tracing the
criminal to his hiding place.

Through me, in the friendliest way, new trade channels
are opened.

I am the key that unlocks the gate to what your com-
munity is, for all who would pass its portals.
